BullGuard™

BullGuard Mobile Security

Smartphones may be convenient to use and carry around, but they are also vulnerable to internet threats. That's why BullGuard Mobile Security comes with a superior antivirus engine that protects your phone data by real-time detection and removal of viruses and other malware. You're even safe from spyware delivered via direct download, SMS, MMS, e-mail, and Bluetooth. What if your smartphone got lost or stolen, along with all your important data and files? With BullGuard Mobile Security you have the possibility to track it down via the built-in GPS, lock it or wipe the data off it, to make sure no-one can access your personal information, passwords and financial data.

GIGABYTE®

Gigabyte GB-XM12-3227

The BRIX from GIGABYTE is an ultra compact (29.9 x 107.6 x 114.4 mm) and versatile DIY PC kit available with a broad choice of processors covering a range of performance points. The BRIX redefines the desktop PC in terms of miniaturization with a form factor that sits in the palm of your hand. Ideal for compact HTPC builds or as a standard desktop in the home or office, the BRIX doesn't hold back in terms of display and peripheral connectivity, or raw performance.

Supports dual display video output via HDMI and mini DisplayPort.

Includes 802.11n Wi-Fi Mini PCIe module.

Includes VESA bracket for discreet display and wall mounting.

Dimensions: 29.9 x 107.6 x 114.4 mm.

fractal design

Fractal Design Case Black Core 3000 USB3 Refurb

The Core 3000 USB 3.0 has plenty of cooling options with space to install up to 7 fans of various sizes. The front panel is easily removable and pre-fitted with fan filters to ensure a dust free interior. The sleek black interior is matched and contrasted with white expansion slots and HDD trays. Similar to the Define Series, all the HDD trays are fitted with anti-vibration silicon grommets. The upper HDD cage is removable and rotatable, which allows for installation of even the longest graphic cards.

CORSAIR

Corsair Carbide Series 500R Mid-Tower Gaming Case (White)

Want even more outrageous cooling flexibility? Step up to the 500R. It adds a 200mm fan mounted on the side panel's mesh screen for extra GPU cooling, a multi-channel fan controller, and removable and relocateable hard drive cages. The 400R has been carefully designed to provide a generous amount of internal volume, and it puts that volume to good use. There's room for eight PCI-E cards of up to 316mm in length, and even room for a full 240mm radiator for compatibility with the Hydro Series H100 Liquid CPU Cooler and modular watercooling systems. Superior airflow is a requirement for high-performance components that will be regularly pushed to their limits, so the 400R has ten fan mounting points for cooling flexibility. Three 120mm fans - two in the front, and one in the rear - are included, so you're ready to start building right out of the box.

FUJITSU

Fujitsu Esprimo Q510 USFF Mini Desktop PC Core i5 (3470T) 2.9GHz 2GB (1 x 2GB) 250GB DVD±RW WLAN Win 7 Pro + (Win 8 Pro) 1 Year

A real eye-catcher on your desk and anywhere else. The extremely small and elegant Fujitsu ESPRIMO Q510. The mini PC combines the performance of a fully equipped Desktop PC, low energy consumption, ENERGY STAR certification, hardly any noise, a large number of practical connections, such as HDMI and USB 2.0 - all on a very small footprint with a volume of only 1.9 litres. This PC will attract attention. With its extremely small and stylish design, the Fujitsu ESPRIMO Q510 satisfies a so far unanswered business need: PC becomes fashionable. Though very small in size - about half of a DIN A4 piece of paper -, special design, just 1.9 liters of volume and 1.6 kg weight it is a full-blown PC. As energy saving is one of the core components of Fujitsu's approach to the environment, we permanently try to improve the energy efficiency of our products. The Fujitsu ESPRIMO Q is the most energy efficient PC within our portfolio taking advantage of the latest energy-saving technology used in desktops. Each business has unique, specific requirements to its IT infrastructure. You have the freedom of choice in getting systems which perfectly fit in your specific environment with hardware, software, add-on and lifecycle management.

ASUS®

Asus Z87-WS Motherboard Core i7/i5/i3/Pentium/Celeron LGA1150 Z87 ATX RAID Gigabit LAN (Integrated Graphics)

The Z87-WS can carry up to four dual-slot graphics. It supports 4-Way NVIDIA Geforce SLI and AMD Cross-FireX, making it an excellent choice for graphics professionals who depend on powerful graphics in areas such as design and modeling, medical research, plus processing-intensive simulation and rendering applications. In addition to graphics cards, extensive Z87 WS expandability offers ample room for RAID cards, PCI Express-based solid state storage drives, video capture cards, and other components. One click for better performance, efficiency, digital power control, reduced noise, and improved cooling. Media-renowned UEFI BIOS from ASUS provides the smoothest mouse-controlled graphical BIOS, and now features more intuitive functions to quickly take you to favorite BIOS pages and frequently-accessed settings through custom shortcuts. You can even write quick notes in-BIOS for future reference, view an activity log of setting changes and modifications, and rename SATA ports.

TRENDnet

TRENDnet TEW-713RE 150Mbps Easy-N Range Extender White (V1.0R)

TRENDnet's compact N150 Easy-N-Range Extender, model TEW-713RE, extends the coverage of your existing wireless n network. Setup is easy with no drivers to install. Simply press the Wi-Fi Protected Setup (WPS) button on your router or access point, then on the TEW-713RE and you're done-the N150 Easy-N-Range Extender is now extending your wireless N network over a large area. The compact TEW-713RE conveniently plugs directly into an electrical outlet and the off white housing blends into the environment. An on / off switch is located on the side of the adapter and a LED indicator confirms wireless activity. Hardwire a computer, NAS drive, or printer to the LAN port on the bottom of the extender. The latest wireless encryption protects your network.

Item Code: TREN-TEW-713RE
